Sixteenth Sunday in Ordinary Time July 21, 2019

Our earth is the most wonderful creation of God. Our National Parks are amazing places of sacred land to visit and give solace for the soul and rejuvenate the spirit! Recently, I had the joy of traveling to California with my Australian friends. We appreciated the natural beauty of Yosemite and Death Valley National Parks, as well as the rugged coastline of the 17 mile California coast. It was breathtaking in every way and very humbling when standing beside a 2,800 year old Sequoia tree, or standing on top of a 9000 foot cliff top. With all this beauty and spectacular scenery, there was another reality which we experienced, that of large and significant earthquakes which thankfully did not result in serious injuries.

The news of the earthquakes reached all the way to NJ, Poland and Australia, as concerned family and friends were inquiring on our welfare. Being so close to Ridgecrest, CA, which was the epicenter of the earthquake, we decided to visit the area in the desert and see the crack in the earth's crust also visible from space. This was a once-in-a-lifetime opportunity. It wasn't easy to locate the area. However, after asking locals and being pointed in the right direction, we joined the geologists and were able to see the spot in the earth where the ground had parted, forming a large crack in the middle of the Mojave Desert. This profound experience made me reflect upon the earthquakes mentioned in the Bible, which were often accompanied by Divine revelation or a unique act of God.

In the Bible, earthquakes occur from the very beginning of the Book of Genesis with the creation of the world and continue through to the Book of Revelation with the Second Coming of the Lord Jesus Christ. An earthquake occurred on the third day of the Creation Week when God created dry land with continents and islands and the large bodies of water named "seas". When God spoke to Moses on Mount Sinai and gave the Ten Commandments, a great shaking of the mountain occurred. This earthquake prepared both Moses and Israel for the important truths the Lord was going to communicate to them. God also spoke to Elijah at Mount Sinai (Horeb) as He did before to Moses after the occurrence of an earthquake. Elijah, who had been hiding in a cave, realized that the Lord does not need to use a mighty earthquake to speak, but can, in His meekness, reveal Himself simply in a "still, small voice."

A centurion and his soldiers, who were given the task of crucifying the Lord Jesus, saw the sky grow dark at noon. The Lord Jesus exclaimed the words "It is finished!" as He died on the cross. Immediately, a great earthquake occurred, rocks were broken, and many dead saints were resurrected from their tombs. The earthquake, upon the death of Christ, called attention to the great salvation that had been accomplished that day on the Cross. They recognized that Jesus was indeed the Son of God. Furthermore, at the Resurrection, there was a great earthquake. An angel of the Lord descended from heaven, approached, rolled back the stone, and sat upon it. The purpose of the stone being rolled away was to allow people to see that the tomb was empty!

Following the day of Pentecost, the early Christians in Jerusalem received the report of threats and persecution from the Jewish leaders. That compelled them to pray. As they prayed, the place where they were gathered shook, and they were all filled with the Holy Spirit and continued to speak the word of God with boldness. Another earthquake not only released Apostle Paul and Silas from the Philippi prison, but it authenticated their testimony. The jailer who witnessed the event recognized the Lord's hand and believed in the Lord Jesus Christ. These earthquakes draw our attention to how God works through His apostles to minister in the early days of the Church.

In the last Book of the Bible, the Book of Revelation, the apostle John wrote of a "great earthquake" in the future associated with the return of Christ to Jerusalem and is described as inflicting severe topographic and geologic changes on a global scale.

Earthquakes have been used distinctively by God to highlight some of the most important events of the Bible. The main purpose for Biblical earthquakes is communication of God's message. Although God used earthquakes to communicate to people in Biblical times, not all earthquakes are caused by His direct choosing but are natural phenomena; together with other powers such as wind or rain, they are a part of the created world that we live in. We Christians always try to seek and find God in His creation. Let the recent earthquakes in California be an opportunity for us to reflect upon the great mysteries that God has communicated to us through the examples of earthquakes in the Bible. This is also an occasion to find Him in the created world that surrounds us, as well as a renewal of hope that we placed in Him as we look forward to His Second Coming.

Early Childhood Center News

Saintroseoflimaecc.org

St. Rose Summer camp has had plenty of visitors to enrich the children's camp experience this summer. Here are just a few of the many fun and exciting events!

The Lizard Guy came to Visit! He brought so many species for us to explore. The children were able to touch a turtle, a snake, a lizard and a gecko. He discussed how to care for these creatures and what type of environment they live in.

Travelin' Tumblers is a gymnastics class where students practice different movements to build their muscles and work on fine motor skills. Campers got to jump on pogo sticks, jump over ropes, spin on spinners and balance on the balance beam. They even got to play tennis with "snowballs." Before we left, everyone got a fun stamp to show their friends and families.

SACRAMENTS

Baptism

We celebrate the sacrament of Baptism most Sundays. Parents are welcome to have the Baptism celebrated either at a week-end Mass or at the Liturgy of Baptism at 1:15. To make arrangements for Baptism please call Fr. Matthew or Fr. Kerwin. Godparents must be confirmed and be active members of the church and attend Mass regularly.

Sacrament of Reconciliation

Every Saturday at 8:15 – 8:50 and 4:45 – 5:15 (or by appointment with Fr. Matthew or Fr. Kerwin).

Sacrament of Marriage

Please contact Fr. Matthew or Fr. Kerwin and set up an appointment. Any Catholic couple needs approximately a year to prepare for the Sacrament of Marriage, which includes sessions with the Priest celebrating the marriage and attendance at Pre-Cana conferences.

Sacrament of the Sick / Hospital Visits

At St. Rose we are strongly committed to the spiritual care of the sick. Because of privacy laws, hospitals and nursing homes are not allowed to release the patient's religious affiliation. Therefore, we must depend on families of our sick parishioners to inform us of their whereabouts and condition. Please notify the parish office of any need for a home or hospital visit.

RCIA

The Rite of Christian Initiation of Adults is a program for people who seek full initiation in the Catholic Church through the reception of the Sacraments of Baptism, Eucharist and Confirmation, which are received at Easter Vigil. For information, please contact Fr. Matthew or Fr. Kerwin at the parish office.
